

SUMMER HOUSE

— cafe —

Welcome Back to Summerhouse!! Its so nice to see you again. We've been working hard behind the scenes to make sure we can welcome you back as safely as possible. As we adjust to the new normal, our chefs haven't stopped cooking during the lockdown. Even though the bustling kitchen here was sorely missed, there was a lot experimentation in our home kitchen and a lot of trials was done with friends and family of Summerhouse. Chef Megha has made a special menu from her Lockdown kitchen and we have brought it here to welcome everybody back. We are determined to make it through these trying times with your support for our entire Summerhouse family and the community.
